## **HPFC Development Program Code of Conduct**

A person (player coach, administrator, family member, spectator) participating in the HPFC premier development program is expected to conduct him or herself in a manner, which exemplifies integrity, respect, and sportsmanship.

Players shall be under the supervision of their administrators and coaches and adhere to the HPFC premier development program guidelines as well as any approved rules set up for their team. Any person who is found to be in violation of the “Code of Conduct” HPFC premier development program rules and policies or travel guidelines and expectations may be subject to penalties. This may include the recession of participation rights, as deemed appropriate to the circumstances.

In the case of an infraction of the above, the HPFC Board for approval will take the appropriate action. As always any sanctions taken against a player, coach, administrator or parent will carrier through to all affiliates, (i.e. Highline Soccer Association, District III, Washington State Youth Soccer Association, and United States Youth Soccer Association).
